## WE NEED YOUR HELP

CARIS Haringey helps vulnerable families who are experiencing hardship and homelessness in the London Borough of Haringey.

Your generous contributions help us provide essential support and services for these families. The donations we receive will enable us to provide food, toiletries and other essential items. The funds will also help us to work with families to address their long-term needs, through the provision of training, advice and advocacy.

Thank you for your time and for considering this important cause.
